**FOR IMMEDIATE RELEASE**

**Deltacom Introduces Business Reach<sup>SM</sup> for Small Businesses**

**Huntsville, Ala., December 16, 2008** – ITC^DeltaCom, Inc. (OTC: ITCD.OB), a leading provider of integrated communications services to customers in the southeastern United States, today announced the launch of its new Business Reach<sup>SM</sup> solution, a business-class, three to five line integrated, dynamic T-1 solution, delivering local voice, long distance voice and Internet access.

Business Reach is now available in Atlanta, GA; Huntsville, AL; Jacksonville and Miami, FL; Nashville, TN; Raleigh, NC; and will be available across all Deltacom markets in January of 2009. Built with flexibility and customizable options, the basic Business Reach package includes customer's choice of local calling features, long distance minutes, conference calling, toll-free numbers and email accounts.

"Deltacom now makes a dedicated service, previously available only to large companies, affordable and accessible for smaller businesses," said Lee A. Kimball, Deltacom's Senior Vice President of Marketing. "In this challenging economic climate, business owners are looking for enhanced efficiencies. Business Reach couples reliable T-1 facilities with pricing that is comparable to non-dedicated services to deliver exceptional communications value to small companies in the Southeast."

Business Reach is a business-class service utilizing proven technology, a 24 x 7 network operations organization and a proactive customer support organization. Business Reach is also backed by Deltacom's robust facilities-based network infrastructure and delivered under rapid installation timeframes.

ABOUT ITC^DELTA COM, INC.

ITC^DeltaCom, Inc., headquartered in Huntsville, Alabama, provides, through its operating subsidiaries, integrated telecommunications and technology services to businesses and consumers in the southeastern United States. ITC^DeltaCom has a fiber optic network spanning approximately 15,800 route miles, including more than 11,800 route miles of owned fiber, and offers a comprehensive suite of voice and data communications services, including local, long distance, broadband data communications, Internet connectivity, and customer premise equipment to end-user customers. ITC^DeltaCom is one of the largest competitive telecommunications providers in its primary eight-state region. For more information, visit ITC^DeltaCom's web site at <http://www.deltacom.com>.
