FOR IMMEDIATE RELEASE

Deltacom Renames Dynamic Primary Rate Interface Service

Huntsville, Ala., Jun. 11, 2009 – ITC^DeltaCom, Inc. (OTC: ITCD.OB), a leading provider of integrated communications services to customers in the southeastern United States, today announced that its business-class solution that delivers dynamically allocated Primary Rate Interface (PRI) voice services with Internet access and data service will now be called Deltacom IP CompleteSM.

IP Complete is a flexible, efficient communications solution for customers that utilize an on-site PBX. With guaranteed increments of 1.5Mbps, 3.0Mbps and 4.5Mbps, dedicated bandwidth is dynamically allocated based on real-time voice, data and Internet application requirements. Deltacom recently introduced the service in 21 markets, and the Company plans to extend the service into additional markets across the southeast later this year.

ABOUT ITC^DELTACOM, INC.

ITC^DeltaCom, Inc., headquartered in Huntsville, Alabama, provides, through its operating subsidiaries, integrated telecommunications and technology services to businesses and other communications providers in the southeastern United States. ITC^DeltaCom has a fiber optic network spanning approximately 15,900 route miles, including more than 11,960 route miles of owned fiber, and offers a comprehensive suite of voice and data communications services, including local, long distance, broadband data, Internet connectivity, wireless voice and data services, and customer premise equipment. ITC^DeltaCom is one of the largest competitive telecommunications providers in its primary eight-state region. For more information, visit ITC^DeltaCom's web site at www.deltacom.com.
