SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.8 Pre-paid Calling Cards a/k/a Debit Cards**

The card holder places a call using a pre-paid calling card by dialing an 800 telephone number from any touch tone telephone in the U.S., Puerto Rico, U.S. Virgin Islands, Guam, CNMI or Canada, entering his or her debit card number, followed by the called party's telephone number. Pre-paid calling cards are flat rated and are billed in full minute increments. Cards are available in any denomination, specified by the customer/vendor. If the customer/vendor chooses to customize a recorded greeting, to be heard each time the card holder uses the pre-paid calling card, an additional charge will apply. The card can be reused by paying to recharge the card with a credit card. Special services such as 24 hour customer support, international calling ability, and multilingual capabilities are also offered. Pre-paid calling card service features include the following:

1. Call Reorigination - The ability for an individual to place up to ten calls without having to reenter their PIN/card number by pressing the "#" key.
2. Account Balance Prompts - Indicate the cardholder's balance upon entry to the system and what their balance is after each call is placed.
3. Call Timing - Capability of the system to notify users when time is running out on their card. A message or warning tone is played when 1, 2, or 3 minutes remain on the card.
4. Real Time Tracking - Ability for callers to obtain a real time balance of their account after each call is placed.
5. Expiration Date - Ability to discontinue a card's usage if the value of the card has not been used within a predetermined period of time.

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.9 International 800 Origination Service**

International 800 Origination is a service which provides toll free access from specified countries for all termination to either domestic or international sites. International 800 Origination Service is billed in full minute increments. Calls originating from a foreign country and placed to a domestic location will be billed for the origination amount from the country dialed to the U.S. Calls originating from a foreign country and placed to another foreign location will be billed for the origination amount from the country dialed to the U.S. This charge will be added to the charge from the U.S. to the country to which the call terminates.

Example: A caller using 800 origination from the UK placing a call to France would be billed the 800 origination rate from the UK to the U.S. and a termination call from the U.S. to France for the duration of the call.

INTERNATIONAL SWITCHED VOICE SERVICE

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

3.9.1

**Pinnacle International**

All Pinnacle calls are rated based on flat rates and duration of the call. Calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call. Pinnacle is divided into the following traffic types: (A) Outbound, (B) Inbound, (C) Calling Card, and (D) International. The customer may choose to enter into a term agreement for a period of 12, 24, or 36 months. Discounts available to the customer for the term periods listed are 5%, 7%, and 10%, respectively, of their total monthly usage. The customer's "Annual Usage Commitment Level" is established by using the third (3rd) month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months, and dividing this amount by 50%. By the end of the twelfth month of the customer's term, the customer's usage must be at or above the established "Annual Usage Commitment Level." If the customer's usage does not meet this requirement, in the 13th month, and at the end of each 12 month period remaining in the term to which the customer agreed, the customer will be billed the difference between the actual usage level and the predetermined "Annual Usage Commitment Level." The customer may discontinue service by written notice to ITC^DeltaCom within the first 90 days of the term without incurring a "Discontinuance Charge". However, upon cancellation during the first 90 days of the term, the customer will be responsible for payment of all accrued charges for usage plus the total of all waived installation charges, any incentives received during the term, any miscellaneous charges that are incurred for dedicated access, and non-waivable installation charges which include, but are not limited to engineering fees, expedite fees, and carrier and local exchange service order fees. All customer notices of discontinuance must be delivered to ITC^DeltaCom in writing 30 days prior to the discontinuance becoming effective. If the customer has entered into a term agreement and cancels their service after the initial 90 day period, but before the expiration of the term, the customer will be responsible for a "Discontinuance Charge" for each month remaining in the term to which the customer agreed.

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.9.1.1 Aspect Option A, B, C and H International - Switched**

All Aspect calls under Options A, B, C and H are rated based on flat rates and duration of the call. No term or volume discounts apply. Inbound and Outbound calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call and calling card calls are timed in six (6) second increments after the initial thirty (30) seconds of each call. This service is offered via switched access only. All customer notices of discontinuance must be delivered to ITC^DeltaCom in writing 30 days prior to the discontinuance becoming effective.

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.9.2 Aspect Option D International**

(T)

Aspect Option D is intended only for new ITC^DeltaCom Customers. However, a current ITC^DeltaCom may convert their current service to Aspect Option D if one of the following conditions applies:

(T)

(T)

- If the customer chooses to convert their service within the initial 90 days of their current term, and the customer agrees to enter into a new term agreement, equal to or of greater length than, their present term agreement;
- If the customer's present term is within six (6) months of expiration;
- If the customer has not entered into a term agreement; or
- If the customer is adding multiple locations and/or new products that will result in an increase in the existing account by 50% or more, and the customer enters into a new term of equal or greater length than their present term.

Conversions will occur only at the customer's bill cycle.

All Aspect Option D calls are rated based on flat rates and duration of the call. Calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call. Service rates are the same for inbound and outbound calls, but may be different for switched or dedicated access. Term discounts are available to customers who choose to enter into a term agreement for a period of 12, 24, or 36 months. Discounts available to the customer for the term periods listed are 5%, 7%, and 10%, respectively, of their total monthly usage. The term begins when the customer's first usage occurs, rather than on the "signed" date of the term agreement. There is no minimum usage requirement for customers who do not enter into a term agreement. Should the customer choose to enter into a term agreement, an "Annual Usage Commitment" will apply. The customer's "Annual Usage Commitment Level" is established by using the third (3rd) month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months, and dividing this amount by 50%. By the end of the twelfth month of the customer's term, the customer's usage must be at or above the established "Annual Usage Commitment Level." If the customer's usage does not meet this requirement, in the 13th month, and at the end of each 12

month period remaining in the term to which the customer agreed, the customer will be billed the difference between the actual usage level and the predetermined "Annual Usage Commitment Level". The customer may discontinue service by written notice to ITC^DeltaCom within the first 90 days of the term without incurring a "Discontinuance Charge". However, upon cancellation during the first 90 days of the term, the customer will be responsible for payment of all accrued charges for usage plus the total of all waived installation charges, any incentives received during the term, and non-waivable installation charges which include, but are not limited to engineering fees, expedite fees, and carrier and local exchange service order fees. All customer notices of discontinuance must be delivered to ITC^DeltaCom in writing 30 days prior to the discontinuance becoming effective. If the customer has entered into a term agreement and cancels their service after the initial 90 day period, but before the expiration of the term, the customer will be responsible for a "Discontinuance Charge" for each month remaining in the term to which the customer agreed. The "Discontinuance Charge" is based on the "Annual Usage Commitment Level" which is established by using the customer's third month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months, and dividing that amount by 50%.

For example, if a customer has entered into a two year term plan and cancels in the 8th month of the term, the "Discontinuance Charge" will be based upon the remaining time in the term to which the customer agreed (4 months in the first year and 12 months in the second).

3rd month's toll	\$ 2,300	X	12	=	\$27,600
50% of \$27,600			\$13,800	(Annual Usage Commitment Level)	
		-	<u>\$ 8,600</u>	(Actual usage for 8 month term)	
Amount remaining			\$ 5,200	(in 1st year of term)	
Amount remaining		+	<u>\$13,800</u>	(in 2nd year of term)	
			<b>\$19,000</b>	<b>Total Discontinuance</b>	

The "Discontinuance Charge" is in addition to usage charges, installation charges and any incentives received during the term. Monthly recurring charges apply for each toll free number and installation charges apply for dedicated access services. Data circuits require a minimum 12 month term agreement.

INTERNATIONAL SWITCHED VOICE SERVICE

---

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.10 Premier Advantage International**

(D)

All calls are rated based on duration of the call and no time-of-day discounts apply. International calls are timed in 6 second increments after the initial 18 seconds of the call. Volume discounts are available; and term discounts are available if elected by the customer. International rates are calculated based on the total international volume and whether or not the customer chooses to enter into a term agreement. International volume usage contributes toward domestic volumes to determine discounts on domestic usage, but domestic volume usage does not combine with international volumes to determine international volume discounts. Volume discounts are determined at the \$100.00, \$250.00, and \$500.00 levels. In addition to the volume discounts, term discounts are available to customers who choose to enter into a term agreement for a period of 12, 24, or 36 months. Discounts available to the customer for the term periods listed are 3%, 6%, and 10%, respectively, of their total monthly usage. The customer's "Annual Usage Commitment Level" is established by using the third (3rd) month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months and dividing this amount by 50%. By the end of the twelfth month of the customer's term, the customer's usage must be at or above the established "Annual Usage Commitment Level". If the customer's usage does not meet this requirement, in the 13th month, and at the end of each 12 month period remaining in the term to which the customer agreed, the customer will be billed the difference between the actual usage level and the predetermined "Annual Usage Commitment Level". The customer may discontinue service by written notice to ITC^DeltaCom within the first 90 days of the term without incurring a "Discontinuance Charge". However, upon cancellation during the first 90 days of the term, the customer will be responsible for payment of all accrued charges for usage, plus the total of all waived installation charges, any incentives received during the term, any miscellaneous charges that are incurred for dedicated access, and non-waivable installation charges which include, but are not limited to engineering fees, expedite fees, and service order fees.

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.10 Premier Advantage International (Cont.)**

All customer notices of discontinuance must be delivered to ITC^DeltaCom in writing 30 days prior to the discontinuance becoming effective. If the customer has entered into a term agreement and cancels their service after the initial 90 day period, but before the end of the expiration of the term, the customer will be responsible for a "Discontinuance Charge" for each month remaining in the term to which the customer agreed. The "Discontinuance Charge" is based on the "Annual Usage Commitment Level" which is established by using the customer's third month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months and dividing that amount by 50%. (T)

For example, if a customer has entered into a two year term plan and cancels in the 8th month of the term, the "Discontinuance Charge" will be based upon the remaining time in the term to which the customer agreed (4 months in the first year and 12 months in the second).

3rd month's toll	\$ 2,300	X	12	=	\$27,600
50% of \$27,600			\$13,800	(Annual Usage Commitment Level)	
		-	<u>\$ 8,600</u>	(Actual usage for 8 month term)	
Amount remaining			\$ 5,200	(in 1st year of term)	
Amount remaining		+	<u>\$13,800</u>	(in 2nd year of term)	
			<b>\$19,000</b>	<b>Total Discontinuance</b>	

The "Discontinuance Charge" is in addition to usage charges, installation charges and any incentives received during the term. Monthly recurring charges apply for each toll free number and installation charges apply for dedicated access services. A surcharge will apply per call billed to a calling card. Data circuits require a minimum 12 month term agreement. (N)

SECTION 3.0 SERVICE DESCRIPTION AND RATES (CONT'D)

**3.11 Quest Option A International (T)**

All Quest Option A calls are rated based on flat rates and duration of call. Timing is in 6 second increments, after the initial 18 seconds of each call. Term Discounts apply when elected by the subscriber. The customer may choose to enter into a 12, 24, or 36 month term agreement and discounts available to the customer for the term periods listed are 8%, 14%, and 17%, respectively, of their total monthly usage. Should the customer choose to enter into a term agreement an "Annual Usage Commitment" will apply. The customer's "Annual Usage Commitment Level" is established by using the third (3rd) month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months, and dividing this amount by 50%. By the end of the twelfth month of the customer's term, the customer's usage must be at or above the established "Annual Usage Commitment Level." If the customer's usage does not meet this requirement, in the 13th month, and at the end of each 12 month period remaining in the term to which the customer agreed, the customer will be billed the difference between the actual usage level and the predetermined "Annual Usage Commitment Level". The customer may discontinue service by written notice to ITC^DeltaCom within the first 90 days of the term without incurring a "Discontinuance Charge". However, upon cancellation during the first 90 days of the term, the customer will be responsible for payment of all accrued charges for usage plus the total of all waived installation charges, any incentives received during the term, any miscellaneous charges that are incurred for dedicated access, and non-waivable installation charges which include, but are not limited to engineering fees, expedite fees, and carrier and local exchange service order fees. All customer notices of discontinuance must be delivered to ITC^DeltaCom in writing 30 days prior to the discontinuance becoming effective. If the customer has entered into a term agreement and cancels their service after the initial 90 day period, but before the end of the expiration of the term, the customer will be responsible for a "Discontinuance Charge" for each month remaining in the term to which the customer agreed. The "Discontinuance Charge" is based on the "Annual Usage Commitment Level" which is established by using the customer's third month's actual toll usage, excluding directory assistance, multiplying by twelve (12) months and dividing that amount by 50%. A surcharge will apply per call billed to a calling card. (T)
