

Simplici-T Plus Promotion

The *Simplici-T Plus Promotion* is a small to medium-size business offering that utilizes T-1 delivery of line side local exchange service and internet service available to business customers in Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. The local service and data transmission share the available bandwidth of 1.228 Mbps, employing the use of the entire available bandwidth for data transmission when voice lines are not in use. Voice service takes precedence over data and, as voice transmission is required, internet bandwidth is reduced to accommodate voice needs.

A minimum of six (6) lines of local service must be ordered with the Simplici-T Plus Promotion. The base monthly recurring charge includes the six required local lines as well as the hunting functionality for up to six lines. Additional lines can be added at an incremental charge per line. Trunks, DID, Point-to-Point Data/Voice, and PRI services are not available with this product.

Service is subject to availability by rate center. Rate Center availability and corresponding Schedule pricing designations are set forth in Attachment A. Pricing, depending upon customer location, is as follows:

<i>Simplici-T Plus Package Pricing</i>	<u>Monthly Recurring</u>	<u>Non-Recurring</u>
Schedule A, 6 voice lines	\$ 648.50 (I)	\$200.00
Schedule A, 24 voice lines	\$1,061.00 (I)	\$200.00
Schedule B, 6 voice lines	\$ 748.50 (I)	\$200.00
Schedule B, 24 voice lines	\$1,161.00 (I)	\$200.00
Schedule C, 6 voice lines	\$ 848.50 (I)	\$200.00
Schedule C, 24 voice lines	\$1,261.00 (I)	\$200.00
Schedule D, 6 voice lines	\$ 998.50 (I)	\$200.00
Schedule D, 24 voice lines	\$1,411.00 (I)	\$200.00
Schedule X, 6 voice lines	\$ 535.26 (I)	\$200.00
Schedule X, 24 voice lines	\$ 947.76 (I)	\$200.00
Schedule Z	Special Pricing Required	

<i>Simplici-T Plus Additional Lines</i>		
(above the six lines included in base package price)		
Per Voice Line, per order	\$41.25 (I)	\$56.24 (first)
	\$41.25 (I)	\$12.05 (add'l)

<i>Simplici-T Plus Access Loop</i>	
Non-Recurring Installation Charge:	\$1,800.00

Customer Premise Equipment (“CPE”) is included as part of the basic Simplici-T Plus package and is available for use by the customer as an enabler to this application. This equipment, however, remains the property of ITC^Deltacom. At the time customer cancels service with ITC^Deltacom, this equipment will be recovered. Only ITC^Deltacom is allowed to service and maintain the equipment. The customer is not allowed to make changes to ITC^Deltacom provided CPE.

Each business line includes LATA-wide local calling and customer choice of calling features listed below, subject to availability in the serving central office and compatibility with other calling features. Features ordered beyond those listed below will carry the standard installation and monthly recurring charge, depending on customer location, as reflected in ITC^DeltaCom's Local Tariffs and Price Lists.

Call Block	Custom Code Restriction 4
Call Forward Busy	Message Waiting – Audible
Call Forward Don't Answer	Repeat Dialing
Call Forward Don't Answer (Ring Control)	Signature Basic
Call Forward Variable	Signature Deluxe
Call Forward Variable (Remote Access)	Multi-line Hunt Group
Call Return	Speed Calling 30
Call Selector	Star 98 Access
Call Tracing	Three-Way Calling/
Call Waiting	Custom Call Transfer

Subscription to ITC^DeltaCom's long distance service is required with the Simplici-T Plus Promotion. The customer may subscribe to ITC^DeltaCom's T-PAC/T LD long distance product or, if usage levels justify, ITC^DeltaCom's HorizonLD long distance product may be selected. Product descriptions, rules and regulations and pricing for each long distance product are set forth in ITC^DeltaCom's Long Distance tariffs. If the customer has T-PAC/T LD at their main site, they must have T-PAC/T LD at all locations with ITC^DeltaCom long distance. This rule also applies to Horizon LD. Other ITC^DeltaCom long distance services are not available in conjunction with Simplici-T Plus.

A special analog line may be supplemented with each Simplici-T Plus circuit at the same location for use with alarm, fax or data services that require a line outside of the T-1. Up to three (3) fax/alarm lines may be purchased at a single Simplici-T Plus T1 site at the following prices, depending on customer location. These lines cannot be in a hunt group with lines on the T-1 and CLASS features and voicemail will not be an available option on these lines.

<i>Fax/Alarm Line, monthly recurring charges, per line</i>	
Schedule A	\$40.25 (I)
Schedule B	\$49.75 (I)
Schedule C	\$68.75 (I)
Schedule D	\$72.96 (I)

Alternatively, the T-PAC Remote product is an available option for multi-location customers whose host or master location subscribes to ITC^DeltaCom's T-PAC local service product, and need analog service but also need CLASS features and/or voicemail service. See ITC^DeltaCom's Local Tariffs and Price Lists for description and pricing of this service. Unlike Simplici-T Plus customers, customers subscribing to T-PAC Remote are required to designate ITC^DeltaCom as both their local and long distance service provider.

A package of services geared towards the multi-location customer with data connectivity needs is available for additional monthly recurring charges. This service allows for multi-site connectivity through Frame Relay and is the same package offered with the TPAC and Simpli-T product. This package will allow for interconnectivity with other TPAC, Simpli-T or stand-alone frame sites based on the guidelines. Details of this package are listed below.

Customers requiring the ability to connect remote locations to their main location to exchange internal data, in place of giving each location access to the Internet, may subscribe to the *Data Connectivity Option* for the Simpli-T Plus Promotion for an additional monthly charge. Pricing set forth below is for simple, basic designs and will apply only for locations with Simpli-T. Locations that do not purchase Simpli-T Plus will be priced a-la-carte standard Frame Relay pricing according to ITC^DeltaCom's Local Tariffs and Price Lists.

<i>Host Location</i> , monthly recurring charge:	\$200
<i>Each Remote Location</i> , monthly recurring charge:	\$100

Customer requiring the ability to have both Internet Access and Data Connectivity/Frame Relay on the same T1 at the host location must also purchase the *Secure Access Package* for Simpli-T Plus at the host location for an additional monthly recurring charge of \$99.00.

Simpli-T Plus requires a 1, 2 or 3-year term agreement. Customers electing to enter into 2 and 3-year agreements are eligible for term discounts of 7% or 10%, respectively, off monthly recurring package charges for Simpli-T Plus Service. Customers will also be eligible, due to their subscription to three of the Company's telecommunications services, to receive an additional 5% discount on monthly recurring local service charges.

In addition, customers who sign a 1-year term will receive a 50% discount off the access loop installation charge, while customers signing a 2 or 3-year term will receive a 100% waiver of this non-recurring charge.

The Customer may discontinue service by written notice to ITC^DeltaCom within the first 90 days of the term without incurring a "Discontinuance Charge." However, upon cancellation during the first 90 days of the term, the Customer will be responsible for payment of all accrued charges for usage in addition to the total of all waived installation charges, any incentives received during the term, and non-waivable installation charges which may include, but are not limited to engineering fees, expedite fees, and carrier and local exchange service order fees. All Customer notices of discontinuance must be delivered to ITC^DeltaCom in writing 30 days prior to the discontinuance becoming effective. If a Customer who has entered into a term agreement terminates the agreement before the expiration of the term, and after the initial 90-day period of the term, in addition to all accrued charges for usage, a "Discontinuance Charge" will be charged to the Customer. The "Discontinuance Charge" consists of charges for three months of local service, plus any and all waived installation charges, any incentives received during the term, and non-waivable installation charges that include, but are not limited to engineering fees, expedite fees, and carrier and local exchange service order fees.

Customers subscribing to this promotion may also be eligible to take advantage Volume Level Discounts set forth in Section 3.35.

Healthcare Bundle Option

The Simplici-T Plus Healthcare Bundle promotional option is available for any healthcare-related company whose SIC code begins with 80XXXX, who signs either a 2 or 3 year term commitment, and who is located in Simplici-T Plus Schedule Area A and Schedule Area X. The package includes a Simplici-T Plus unchannelized T1 with the ability to receive up to 24 lines, Secure Access and Data Assurance (data products), and a toll free number for a single monthly recurring charge of \$745.00 (I).

Customers subscribing to this promotion may be eligible for discounts up to 10% based on data options. No additional discounts, including Volume Level Discounts, are available in conjunction with this promotional option.

If the customer terminates the agreement after the initial 90 days of the Term Agreement, in addition to all accrued charges for usage and discontinuance charges assessed under the Simplici-T Plus promotion, the Company will seek recovery of any additional discounts received in connection with this promotion as of the date of termination.

Rates, terms and conditions received under this promotion are subject to change pursuant to applicable state regulatory rules and regulations, upon notice filed with the respective State Public Service Commissions, where required, and/or as posted on ITC^DeltaCom's website.

This promotion will be available through March 31, 2005.
